

British and American English

David (York, England)

I live in a flat with my mum, my dad and my two older sisters. My hobbies are playing football and watching films on TV, and my favourite food is burger with chips. There's a good film on TV at the weekend, *Titanic*, but I don't think I'll watch it because I've already seen it.

David (New York, United States)

I'd say New York is my favorite city in the States, and I have a nice apartment here. However because my job is so busy, the only time I can do stuff like go out to watch a movie, or even just watch a soccer game on TV, is on the weekend. Some days I don't even have time to eat properly – I just get chicken and fries from the place next door. I'd like to move back to Florida to be closer to mom and my brother. I already visited them twice this year, but it's not enough.
